Sabbath Services Set For Temple Menorah

Temple Menorah of the South Bay, the largest and oldest Jewish congregation serving the South Bay-Peninsula area, will be the first congregation in the area to hold regular Sabbath morning services as well as Friday evening services, according to Dr. Morris Rockenmacher, chairman of the Religious Practices Committee of the Temple.

Temple Menorah, located at 1101 Camino Real, Redondo Beach, was consecrated in 1947 and affiliated that year with the Union of American Hebrew Congregations. The congregation was begun through the labors of Anna and the late Isaac H. Grancell of Redondo Beach.

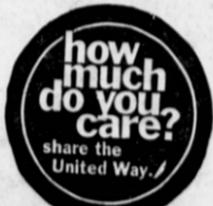

From a handful of families the congregation has grown to over 300 member families drawn from the Peninsula-South Bay communities. Myer Alpert of Palos Verdes Estates is the president of the congregation.

Sabbath services are conducted by Rabbi Henri E. Front, spiritual leader of the Temple and assisted by Harry Newman, cantor.

A choir made up of members of the congregation is led by Fay Newman, organist.

Services begin at 8:30 p.m. every Friday evening throughout the year. Saturday morning services commence at 11. An Oneg Shabbat (reception) follows the Friday evening service. A Kiddush concludes the Saturday morning worship.

All members of the Jewish faith are invited to share in service, and visitors from the community are welcome at all times.

Dr. Sabin Urges Public To Get Type II Vaccine

Recent epidemic outbreaks of Type II polio in parts of South America, Asia and even Europe point to a potential peril for this nation also, in the opinion of Dr. Albert B. Sabin, developer of the Sabin oral polio vaccine.

Here from Cincinnati to confer with the Los Angeles County Medical Assn., which immunized 3,000,000 persons against Type II polio in its October clinics, the noted research scientist urged 100 per cent cooperation in Type II clinics set for Dec. 2 and 9.

"THOUGH TYPE I virus accounts for 85 per cent of paralytic polio in this country and Type II for only 5 per cent this could change," Dr. Sabin warned.

"It is important to be immunized against all types of polio. We have not had a Type II epidemic, as some parts of South America, Asia and Europe have — but it could happen here. We must be protected."

The "absolute safety and effectiveness" of Type II Sabin vaccine has been proved be-

yond a doubt, Dr. Sabin reported, with more than 200,000,000 persons already having taken it.

"AMONG AMERICAN children who have taken it, 100 per cent have developed effective anti-bodies safely," he said.

HE JOINED with Dr. Reginald H. Smart, chairman, public health committee, Los Angeles County Medical Assn., in urging that all children and adults obtain Type II Sabin

oral vaccine protection at the December clinics to be held throughout the county.

Even those who have previously had Salk shots were advised to take the Sabin vaccine also, for additional protection and because Sabin vaccine "clears" those who may be unwitting carriers of polio, which Salk vaccine does not.

The Sabin vaccine is taken orally, on a cube of sugar or in a sip of syrup. No needle is used. A donation of 25 cents is asked for each dose of the vaccine but no one will be turned

away for lack of funds. Information concerning locations of December clinics will again

be available through local newspapers and radio and television stations.

Sisterhood Sets Tuesday Luncheon

In celebration of Jewish Book Month, Mrs. Benjamin Harwick, immediate past president of National Women's League, will present a book review "Look Back, Mrs. Lot" by Ephram Kishon at the Southwest Temple Beth Torah's Sisterhood luncheon meeting on Tuesday.

The donor luncheon, given by Mesdames Bernard Cohen and Max Pansky, will be served at 11:30 with a short business meeting conducted by Mrs. Martin Siegel, Sisterhood president.

Members and guests are invited. Persons unable to attend the luncheon may come for the regular meeting, 12:30.
